In view of the ongoing Corona Virus Pandemic and following the National Governments guidelines this Parish Council has suspended any future meetings until further notice.

This includes the Annual Parish Meeting, due to take place this month, and the Annual Parish Council Meeting due to take place in May.

The Clerk is awaiting advice from the Government as to how business continuity will be authorised without councillors having to physically meet in open public meeting.

In the meantime, under existing council rules the Clerk is authorised to conduct day to day business and make necessary payments.
